

Automatic Sensitive faucet series

Quick Detail:

Name: Automatic Sensitive faucet
Brand: KEXIN
Type: Deck mounted
Material:Brass 59-1, surface finished: Chrome
Place of Origin: Zhejiang, China
Feature: Sense Faucets
Function: Cold water
Faucet Mount: Single Hole
Number of Handles: Single Handle
Style: Contemporary
MOQ: 100pcs (samples are

Parameters

Sensing Distance	15cm (adjustable)
Power Supply	AC 220V (50/60 HZ), DC 6V/AV220V (4 AA alkaline battery)
Power Consumption in static	≤0.5mw
Water Temperature	0.1-80 degree
Environment Temperature	0.1-45 degree
Suggest Water Pressure	0.05-0.6MPa
Switching Time	<0.7s
Operation Consumption	<60uA
Overall Power Consumption	<0.5W
Water supply pipe size	DN15 (G1/2")
Low Battery Indicator	Red Led flash
Warranty	1 year
Packaging	inner packing: hop-pocket +inner box
	outside packing: standard export carton
	Also can according to customer's requirements

Features:

- 1: Solenoid valve with anti-block system, Safe, reliable and low energy consumption.
- 2: AC/DC power are both available.
- 3: Solenoid valve with anti-block system, Safe, reliable and low energy consumption, powered by 4 AA that can lasts for about 2 years.
- 4: Touchless operation, Water saving up to 70%, Prevents transmission of pathogens through touching faucet and fixtures
